VERSE 1

Left remains of another time,
It's so haunting, I've resigned,
That I need to follow too,
Another road is what I'll do

Now and then it reappears,
There's no solution, only tears.
And the days have become so long,
Since I found I was so wrong.

CHORUS

One would know the dangers involved,

Yet you say you wanna be there.

So I wanna know why you do this,

Coz I don't wanna be there.

Now don't you say,

Don't do it

I want to say,

Just choose it

Let's rock and roll it babe.

VERSE 2

The Winter months bring on the cold,

Not the body, but the soul.

Alone is one with no desire,

Find the motive in the fire.

Counting mountains on the shore,

Poster name, its all a bore.

And we say that it's alright,

And the boys put out tonight.

CHORUS... Fin.

CHORUS

One would know the dangers involved,
Yet you say you wanna be there.

 Just choose it
Let's rock and roll it babe.

VERSE 3

I'm a Priest and I'm a whore,
As I fall wanking to the floor.
It's the morning to be alive,
But you won't know till you arrive.

CHORUS

One would know the dangers involved,
Yet you say you wanna be there.
So I wanna know why you do this,
Coz I don't wanna be there.
Now don't you say,
 Don't do it
I want to say,
 Just choose it
Let's rock and roll it babe.
